SHOOT FOR THE *Stars*

WHY SETTLE FOR LESS?
ANDROID 11, THE **SECUREST** OPTION!

Safer, better and faster than ever, meet Android 11. For the development of this OS, security has been the main focus. Due to a number of small but important features and changes, Android 11 has improved privacy and the protection of user data from malicious apps and games. Did you know, that Android 11 is the first Android that can be disabled through Android Safe Mode!

WHEN **SECURITY** IS YOUR ABSOLUTE **PRIORITY**

Understanding the corporate workspace, Newline has developed interactive displays that can meet the needs of an IT infrastructure that requires the highest level of security. Designed for work environments in the financial sector, government and universities, these interactive displays have no Android on board and are as safe as your IT infrastructure itself!

OUR **ANTIMICROBIAL** GLASS KEEPS YOU SAFE, SAFER, **SAFEST**!

In most offices, interactive displays have multiple users presenting and collaborating on the same display, causing germs to easily spread. Newline has implemented a TÜV certified antimicrobial coating on the touch surface to protect you!

Support for all devices and streaming protocols:

newline BROADCAST

THE ULTIMATE SUPPORT WITH YOUR **HYBRID WORKSPACE**

Newline Broadcast is a powerful streaming tool to share content from your Newline interactive display to any connected participant. Use Broadcast along your favourite conferencing software and allow anyone to view the displayed content from their device. **No matter** whether you're using content from your computer, the displays whiteboard, or apps!

newline LAUNCH CONTROL

EASY **ONE-TOUCH** VIDEO CALLS

With one QR-scan and a touch you can simply start any type of video call from your mobile device! Either scan the QR-code on the interactive display or connect wirelessly via Bluetooth. Through connection via your Office 365 account and Google account, your calendar appointments are visible. This way you can start your video meeting with all your personal documents at hand. Launch Control is designed for easy and personalised access to your Newline interactive display.

Support for videocall services:

newline DISPLAY MANAGEMENT

MANAGE ALL YOUR INTERACTIVE DISPLAYS

You can manage all your Newline interactive displays from anywhere through a dedicated and secure web portal. Easily control and install Apps, configure the parameters of Newline interactive displays, use the digital signage function or transmit important messages to all interactive displays. This innovative tool even allows IT administrators to remotely support users with voice and video.

newline WHITEBOARD

MOST USED APP!
FULL OF **PRACTICAL** TOOLS

Unmistakably one of the most important tools when using an interactive display, the whiteboard app. Just power up the display and the Newline whiteboard is ready to use. Import images from the web straight into the whiteboard, open documents, use mapping tools, sticky notes, save annotations with the QR code into Google Drive and lots more!

newline CLASSROOM TOOLS

Don't let it fool you!

SMART **WIDGET**, ALSO FOR YOUR MEETINGROOM!

Newline Classroom Tools is a selection of the most frequently used tools on interactive displays, like a timer, curtain, spotlight, dice and traffic light to help keep your meetings streamlined. This widget works as an overlay when opened. You can minimise it, navigate between any screen and open the tools menu when you need it throughout the day.

newline ENGAGE

EASY **PRESENTATION AND COLLABORATION** SOFTWARE

Preparing your presentation seldomly starts from scratch. Digital content is all around us. Newline Engage is an easy to use interactive software with which you can natively import your existing content like IWB, images, video, PDF, PowerPoint, text, shapes and much more. Use one of the free templates or use the whiteboard on the go. Easy!

newline APP STORE

USE YOUR **FAVOURITE APPS**

Our curated app store features a wide and ever-expanding range of tools for the corporate workspace. Get started today with apps that can help make presenting, collaborating and creating digital content faster, more fun, and more efficient. All apps are tested for full compatibility with Newline interactive displays.

newline REACTIV SUITE

REACTIV STAGE

Storytelling re-imagined:
Present any combination of content - like pictures, decks, documents, videos, websites and so on.

REACTIV SCRIBBLE

Ideation re-imagined:
Simplifies complex ideas, visually communicates concepts and intent, and allows teams to capture decisions.

MAKE MEETINGS **MEMORABLE**

Not just another software! Reactiv Suite is a digital workspace where multimedia content can be displayed, organized, manipulated, and annotated as naturally as paper. Reactiv has no boundaries. Where you will get stuck with other software programs, Reactiv continues. Present multiple types of non-linear content and seamlessly capture feedback without the extra clicks and micro-frustrations of traditional screen sharing tools. Even pin your camera in the workspace. Be more than just a thumbnail.

ANNOTATE
Markup and add native inking in and on any file, on the infinite canvas.

CONNECT
Use Chromecast, Airplay, Miracast and more to cast your mobile devices into your presentation.

PRESENT & INTERACT
Elevate your presence to stand out. Use existing content and present on the fly.

At Newline we are committed to contributing to a healthier future for our planet. This year particularly we have invested a lot of effort in reducing our CO2 footprint. The biggest impact for us can be achieved in terms of energy use, prolonging the lifecycle of our products and recycling.

PACKAGING
For our new 2022 productline we have managed to reduce the materials needed in packaging our products. Also all of our packaging is 100% fully recyclable.

TRANSPORTATION
By using smaller packaging for our products, we can squeeze in 46% more per container! This is a big step in the reduction of CO2 through transportation.

WAREHOUSE
85% of the stock for EMEA is kept in the DSV warehouse. We have chosen DSV as our partner because they will reduce their total CO2 footprint by 40% before 2030.

MODULAR SYSTEM
Our new products have been built in a modular way. You can build the products up to fit your needs. This way we reduce using materials that will not be used. On top of this, our new products are upgradable. This ensures a much longer product lifecycle. Important for the environment and your budget!

ENERGY EFFICIENCY
We are putting in all the effort to make our products as energy efficient as possible.
